

SCAN COIN 202 Coin Sorter

 **SCAN COIN**

The coin sorter SC 202 combines reliable rail sorting with SCAN COIN's unique electronic counting sensor technology, which provides outstanding accuracy.

All foreign or damaged coins will automatically be rejected. The alphanumeric LCD display ensures easy operation of the flexible software with information such as sub-totals and grand totals, date and time, serial interface etc.

Many flexible options

SC 202 is sorting eight coin denominations plus reject and is delivered in table top version with 10 drawers, but it can easily be equipped for tubing or bagging coins. With the Special Table the SC 202 can be converted to a free standing unit.
